Q How can we deposit the taxes through this web site?

Ans : For depositing the Road Tax from this web site, depositor should have internet banking facility from this account in the concerned bank. From this bank account tax amount will be deducted and that tax amount will be deposited in the UK Transport Department's account.

Following procedure is to be adopted –

(i) For the vehicle owners / transporters, who are coming with their vehicle, from other state to Uttarakhand.

The customer has to visit the website and directly enter the details of it's vehicle for which taxes is to be calculated. The software calculates the taxes amount based on the parameters of vehicle. If the user accepts to make the payment then the site gets redirected to selected bank's Internet Banking Site. The user makes the payment through

Internet Banking. The software generates a receipt, which can be printed by user. At the time of checking when the vehicle is on route or when the UK Transport Officials asks for payment verification , the receipt can be produced.

Q. How the authenticity of my ‘software printed receipt’ will be established?

Ans : The web based software has the provision to cross check the receipt number. The ‘Check Transaction’ option asks for receipt number. On entering the receipt number it gives the vehicle and bank transaction details.

Q. What will happen if the taxes amount gets deducted from my account and due to some technical fault during the process, the receipt does not gets generated ?

Ans : The software has procedure ‘Check failed transaction’ using which you can check your failed transactions. If the transaction gets failed, the amount will again get deposited into your bank account.

Q. Can I deposit the taxes on ‘anytime anywhere’ basis?

. Ans : Yes, you can deposit the tax online anytime from anywhere. The only requirement is that you should have internet banking facility in your concerned bank account which you have selected

Q. How can the tax receipt be verified?

Ans: The Tax Receipt can be verified by three ways:

- a) The commercial vehicle owner can produce the Online Receipt which he has with himself at the time of checking.
- b) The commercial vehicle owner can show the SMS he has received from UKCHECKPOST website and the SMS he has received from his bank.
- c) The UK Transport Officials can check the transactions that have already been made by the vehicle owner through logging on to the website and entering the Receipt No. in the Check Transaction link on the UKCHECKPOST website.

Q. When can a user print a receipt?
